they Decide to Ask the Advice of the Democrats and Populists-Will Then Frame a Complete Measure For International Conference.

Washington, Jan. 13.—The Republican senatorial cancus did not resuit in any final action upon the question of international bimetallism, which the caucus was called to consider but adjourned until Friday. This failure was not due to any opposition to the proposition to provide means for a conference, but to the fact that the language of the bill prepared by the Welcott committee was objectionable to some. The bill as drafted provides for the consideration of the "free mintage" of silver.

Some of the western members of the cancus objected to this wording, saying that it should be so amended as to provide for free and unlimited coinage. Senator Allison impressed the caucus in a brief speech with the necessity of a complete outline of what was wanted. It was suggested that it would be better to adjourn and take time to make the bill complete and acceptable to all than to attempt to make amendments while in session.

This suggestion was adopted with the understanding that the Democra's and Populists also should be consulted regard to the proposed change. Very little was said during the conference as to the probability of securing a conference or of its success, if secured Some of the senators expressed the opinion that France, Holland and Belginm would be friendly to the movement. The cancus was slimly attended The Republicans who bolted the St Louis convention were not invited

JOHNSON ADMITTED HIS PAST Hot Sequel In the House to His Attack on Editor Hearst.

Washington, Jan. 13 .- The house has witnessed a sensational sequel to the remarkable attack made by Mr. Johnson (Cal.) on Editor Hearst. Mr Johnson and Mr. Maguire (Dem., Cal.) were antogonists. Their wordy duel grew out of the publication in The Record, as a part of Mr. Maguire's remarks of comments on the former's speech last week in which Mr. Maguire defended Mr. Hearst, and without the mention of Mr. Johnson's name detailed some matters in the early life of the latter when he resided in Syracuse. N. Y. Mr. Johnson got the floor on a question of privilege. He was at times dramatic. He denounced Mr. Maguire' attack on him as wanton and cowardly and told the story of his indictment 34 years ago in New York for forgery and how he had gone out to California to rear a new home and make a new name. He described his success and how he had been able to pay back every dollar he owed. He then explained that all this was an old story in Cali fornia where he had always avowed it when he ran for office. Then with invective he paid his resp Mr. Maguire and Mr. Cooper (Wis.) who last week characterized his attack on Mr. Hear it as cowardly.

Mr. Maguire replied to Mr. Johnson in a sarcastic vein. He told how be had attempted to secure time in which to reply to Mr. Johnson during the debate and had been unable to do so, and how he had printed his defense of man unable to secure a hearing for him sell. He sneered at Mr. Johnson for whining because his attack went home to him, and said he should have thought of the grief and anguish he was bring ing to another before he assailed Mi Hearst. Mr. Poole of New York, who represents the Syracuse district, made a brief statement in vindication of Mr. Johnson. His motion to expunge Mr. Maguire's remarks from The Record was adopted, after Mr. McMillan had ineffectually attempted to delay action, but a similar motion to expange Mr. Johnson's remarks about Mr. Hearst was defeated-82 to 94.

GOLD AND SILVER PLATFORMS. The Senate Debates as to Which Was

Democratic. WASHINGTON, Jan. 13.-Some lively political sparring marked the later hours of the senate session. The free homestead bill was under discussion and Mr. Allen found opportunity for questioning Mr. Vilas (Wis.) concerning the party differences of last fall. It brought out much difference of opinion as to whether the Democratic platform was made at Chicago, or at Indianapolis. Mr. Vilas declared that there was almost nothing in the Chicago platform not inimical to the interests of the government. He insisted that the Indianapolis platform was founded throughout in Democracy. Mr. Alten characterized the Indianapolis platform as a "rump affair." The controversy became very lively and took a wide range.

The homestead bill was further debated, but a vote was not reached. Mr. Vilas attacked it as a measure giving away \$35,000,000 of government money Mr. Nelson (Rep., Minn.), Mr. Allen and Mr. Peffer (Pop., Kan.) spoke for the bill. Mr. Hill (Dem., N. Y.), who has not often addressed the senate of late, spoke in favor of a law fixing four years as the term of fourth-class post-

A Messenger at Lancaster Landed In Jail For Forgeries

LANCASTER, Pa., Jan. 13.-William Leibold, 17 years of age, until recently a messenger boy for a telegraph company here, has spent \$4,000 stolen money since last October in gambling and fast living, and today he is in jail with barely a penny left. He procured the cash through innumerable forgeries of the name of Charles B. Grubb, the well-known iron and furnace master. who had been accustomed to send messenger boys to the First National bank, where he is a depositor and director, to get checks cashed. Leibold, who knew of this, availed himself of the knowledge and employed the same means to

get the money. The forgeries were begun about the first of last October and were continued almost daily until the 7th of this The amounts ranged from \$10 to \$100, but the exact number of the forgeries is not known. The discovery of the forgeries was made a few days ago when Mr. Grubb got his bankbool balanced and found many checks given on dates on which he was eck and transacted no business,

Over 300 delegates who represent business interests that run up in value into the hundreds of millions are present. It is a fine looking body of men whose object is to attempt a reform

of the government's currency system. The meeting was opened with a prayer by the Rev. M. L. Haines of the First Presbyterian church, ex-President Harrison's place of worship. LOOK OUT FOR GOMEZ.

Expected Soon to Strike a Decisive Blow For Cuba.

THE REBELS ARE VERY CONFIDENT.

They Say General Weyler Will Be Made Repent His Statement That Pinar Del Rin is Almost Pacified-Sickness Among the Insurgents.

Kew West, Jan. 13.-Advices reseived here from Havana say that General Weyler asserts that there are only 500 insurgents in the province of Pinar del Rio; but the Cubans say that he will shortly repent having made such a statement. There is no doubt that the insurgents have suffered from sinkness and other causes, but it is claimed that should the Spanish commander only partly withdraw his troops from the western part of Pinnr del Rio the insurgents will again concentrate in large bodies, having only scattered into small groups for the present in order to check the overwhelmingly large force sent

against them. The Cubans claim that all such statements are directed from Madrid for the purpose of influencing congressional action at Washington. A great deal depends upon Maximo Gomez and the progress his army will make during the next few weeks or so. But, it is not thought likely that Comez

will risk a pitched battle with the Spaniards when he can probably accomplish the end in view without taking any such chances. However, the Cubans expect military news of importance shortly, as it is understood that they have been advised by the New York junta that the moment is opportune for a coup of some description, which will be of importance enough to demonstrate that General Weyler is not stating the exact facts when he says that the province of Pinar del Rio is pacified and that he is now proceeding to accomplish the pacification of the remainder of the island of Cuba.

Reports from Havana are that the insurgents Saturday sacked Calvarious, less than ten miles from the city, grove out the Spanish garrison of 100, burned nearly half the place, seized a large amount of supplies, destroyed all they could not carry off and spaked two fine large pield preces that they could not take away.

CUBA NEARLY PACIFIED.

So Weyler Tells the Spanish Legation. No Terms With United States.

Washington, Jan. 13 -Senor Dupuy de Lome's attention has been directed to the published statements purporting to come from Maurid to the effect that the Spanish government had instructed him to notify the American secretary of state that Spain would accept the terms of a peace settlement with Cuba, spbmitted by the American government, and that he had cabled the authorities at Madrid of his communicating the acceptance to Mr. Olney. The Spanish minister made a denial. From other sources it is learned that

the situation has undergone no recent change and that the status today is exactly what it has been for some time, ely a purpose on the part of Spain to apply extended reforms of autonomy to Cuba as soon as the pacification of the island is assured. A cable dispatch just received from

General Weyler says the province of Pinar del Rio, which has been the storm center of recent conflict, is pacified. This is regarded as not only important in itself, but as completely contradicting a published statement made by Senator-elect Money that Pinar del Rio was not and could not be pacified. General Weyler in his dispatch explicitly refers to and contradicts this published state-

With reports that the provinces of Matanzas and Havana are pacified, which are confidently expected by the legation in view of the report from Pinar del Rio, the reports will cover practically the entire island, as Santa Clara province has not been a seat of recent insurgent activity and Santiago de Cuba is far to the eastward and out of the range of recent military opera-

THE DAUNTLESS HELD.

WASHINGTON, Jan. 13 .- The secretary of the interior has received from Coliec tor Bisbee, at Jacksonville, a report on the recent movements of the suspected filibuster Dauntless, in which he incorporates an affldavit made by Captain Meyers, the master. The affidavit states in effect that on Dec. 25 he, the master, subscribed to an oath that the Daunt less was about starting on a wrecking tour, but was delayed by bad weather. On the 29th he started through Hawks channel. He discovered signals of distress flying from a point on No Name key. He put into the island and found about 35 men in great distress, suffering from exposure to the weather and want There was also a quantity of freightage in unbroken boxes and packages. What they contained he did not know. He took the men and freight on board on New Year's day, and, as nearly as he could recollect, on the 3d day of January he elivered them at sea. To whom they were delivered he does not say, and the collector, in commenting on the affidavit, says that to his mind it is very defective, in that it dees not state to whom the men and goods were delivered, and also in several other important facts.

Tours to California.

California has been most fittingly termed the "Italy of America." All the delicions. balm, the cloudless sky, and the rich verdure of the great European peninsula are duplicated in this sunny, land of the Pacific. Here nature basks in the sunshine of her own beauty; and here she has established her own sanitarium, where eternal spring inspires eveniasting youth, With the snow manteled peaks of the Sierras upon the one hand, the calm Pacific with its soft breezes upon the other, and a varitable paradise of flowers, fruits, and plants between, man can find and needs no lovelier land. To visit such a country is a privilege, a blessing.

The Pennsylvania Railroad company reognizing the need of a more comfortable and pleasant way of crossing the continent inaugurated a series of annual tours to California, running a through train of Pullman palace cars from New York to the Pacific coast, and stopping at the principal points of interest en route. The great popularity of these tours demonstrates the wisdom of the movement. For the season of 1897 three tours have

ruary 24th and March 27th. The first tour will run direct to San Diego via St. Louis and the Santa Fe Route, and return from San Francisco via Salt Lake City, Denver and Chicago, al-

owing five weeks in California. The second tour will run via Mammoth lave and New Orleans to San Diego, stopping at the "Crescent City" during the Mardi Gras Carnival. This tour will return via Salt Lake City, Denver, Omaha and Chicago, allowing four weeks in Cali-

Denver and Salt Lake City, allowing passengers to return by regular trains via different routes within nine months. All of these tours, either going or returning, will pass through the famous Colorado region, Glenwood Springs, Leadville and the Garden of the Gods.

The third tour will run via Chicago,

WINKELMANN & BROWN DRUG CO BALTIMORE, Mo., U. S. A. HALL'S HAIR

RENEWER. The great popularity of this preparation after its test of many years, should be an assurance, even to the most skeptical, that it is really meritorious. Those who have used Hall's Halk RENEWER know that it does all that is claimed.

It causes new growth of hair on baid heads—provided the hair follicles are not dead, which is seldom the case; restores natural color to gray or faded hair; preserves the scalp healthful and clear of dandruff; prevents the hair falling off or changing color; keeps it soft, pliant, lustrous, and causes it to grow long and HALL'S HAIR RENEWER produces its

effects by the healthful influence of its vegetable ingredients, which invigorate and rejuvenate. It is not a dye, and is a delightful article for tollet use. Containing no alcohol, it does not evaporate quickly and dry up the natural oll, leaving the hair barch and brittle and leaving the hair harsh and brittle. as do Buckingham's Dye WHISKERS

Colors them brown or black, as desired, and is the best dye, because it is harmless; produces a permanent natural color; and, being a single preparation, is more con-venient of application than any other. PREPARED BY R. P. HALL & CO., Nash Sold by all Dealers in Medicines.
